Words are like bridges – Bridges connect people

Would you like to talk to a teacher or to address someone at an authority or another institution and do not have the heart to do so because you do not have sufficient or no command of the language?

Do you sometimes feel misunderstood and therefore treated wrongly?

Do you need any particular information? On the following occasions you can be supported by a language or cultural mediator:

- visits to offices or authorities
- oral translations (interpreting)
- support in finding a German language course
- accompanying parents to school and kindergarten
- any questions concerning school, education and professional possibilities
- problems within the family
- support of associations or clubs

We would like to support your integration into German society and accompany you, so that you find your way and feel at home.

Unfortunately, we cannot give you expert or legal counselling, but the language and cultural mediators will be happy to accompany you to an expert in the respective field.

The support is free of charge.

Procedure for citizens:

Requests must be done in person during the consultation and at least seven days before the appointment.
